

RALLY FOR HEALTHCARE JUSTICE!

Tuesday, September 23

4:00 – 6:00 pm

HUMANA INSURANCE COMPANY

550 W Adams Street

Chicago, IL 60604

Vigils and rallies are being held across the country in observance of
Single-Payer HEALTHCARE JUSTICE WEEK
(September 22nd-28th, 2008).

These events uphold a deeply important time for
those who have lost someone to the broken U.S. healthcare system,
or who are still fighting the denials of the for-profit health insurance companies.

**Join us in Chicago at a rally in front of Humana,
the for-profit insurance company
as we protest profit in the healthcare system.**

HEALTHCARE IS A HUMAN RIGHT.

**SINGLE-PAYER, universal healthcare is the only way to
ensure that every person has access to healthcare.**

The number of deaths due to insufficient healthcare in the wealthiest of all nations is a grim reminder of the scope of the healthcare crisis. The Urban Institute estimates that 22,000 adults died in 2006 because they did not have health insurance. A 2008 study published in Health Affairs Journal analyzed the health systems of 19 countries. The study found that the United States had the highest rate of preventable deaths before the age of 75. The study concluded that as many as 101,000 deaths a year could be prevented by ensuring that all patients receive quality care in a timely manner.
